

**PATENT**

**IN THE UNITED STATES PATENT AND TRADEMARK OFFICE**

Commissioner for Patents  
Alexandria, Virginia  
U.S.A.

Attn: Primary Examiner Andrew J. Rost

USSN: 10/724,143  
Art uni: 3753  
Title: Mobile Dual Containment Highway Tank  
Inventor: Maury G. Van Vliet  
Filing date: December 1, 2003  
Confirmation no. 1119

The applicant hereby requests that the petition for change of inventorship pursuant to 37 CFR §1.48 filed June 28, 2007 on the above-identified application be considered.

The facts are as follows:

1. Patent application 10/724,143 was filed on December 1, 2003 stating first named inventor as Maury G. Van Vliet.
2. On June 18, 2007 documentation was submitted as required under §1.48 for correction of inventorship in a patent application, including a petition and supporting document.
3. The processing fee as set forth in §1.17 (i) was processed on June 29, 2007 according to credit card records.
4. No change in patent inventorship has been noted on the application file.

The applicant requests that the petition be considered.  
Respectfully submitted.

March 9, 2009.
